

With more than 15 years of experience and over 500 large and medium sized customers, First Climate is among the leading service providers in carbon markets, climate finance, green energy and climate neutrality worldwide.

To strengthen our team, we are looking for:

Senior Consultant - Climate Finance & Emissions Trading

Position in Bad Vilbel (Frankfurt am Main), full time

immediately or upon agreement

First Climate is a globally leading provider of climate change consulting, green investments expertise and climate neutral & water services. We are guided by our objective to assist businesses and investors in reducing their impact on our global climate. Our team is made up of a group of dynamic, energetic and highly creative individuals who work in sync to provide services to our corporate and institutional clients across the globe.

To further develop our business we are looking for a "Senior Consultant" to work with international organizations, multilateral development banks and national and international corporate clients in the areas of:

- International Finance for climate mitigation and adaptation
- Carbon markets and emissions trading schemes
- Design and implementation of national mitigation activities (INDC/NAMA)
- Climate policy design and evaluation

Key Responsibilities include:

- Business development in climate finance, carbon markets and national mitigation activities (INDC/NAMA)
- Acquisition of clients in a diversified national and international environment
- Management and delivery of consulting projects
- Development of a consulting team

Specific Requirements

The successful candidate will have a relevant study background (economics, business administration) and 5 years of working experience in consulting. He or she will have a track record in business development in the relevant markets and draw upon an international network in the private and public sectors. Proficiency in English is essential, proficiency in German and any other language is a plus.

What we offer

- International work environment
- Flat hierarchies
- Pleasant working environment and a professional team
- Exciting challenges
